

AGREEMENT OF PARTNERSHIP ÖTI & CLEAN AIR FORUM

Clean Air Forum and ÖTI – Institut für Ökologie, Technik und Innovation GmbH strengthened their cooperation through an official agreement of partnership in December 2014.

ÖTI is a service provider with decades of experience in the examination and certification of textiles materials used for interior equipment as well as elastic, laminated and parquet flooring.

The previous cooperation has proved the responsibility and competence of ÖTI – therefore it was decided to elevate the partnership to a more profound level at the beginning of the year.

ÖTI is now the sole inspection body of Clean Air Forum. It is responsible for the examination and certification of fully equipped, ready-to-move-in interiors with regard to their indoor air quality.

Standards and application form for certification:

INTERNATIONAL BRAND PROTECTION OF THE WORD-IMAGE BRAND CLEAN AIR

Clean Air Forum announces that as of March 2015, it is an officially protected word-image brand.

Moreover, the website has been made available in English at the end of April.
